

NINE PATCH

QUILTY MATH

Finished Quilt Block Size + 1/2 inch =
Unfinished Quilt Block Size

9 inch finished block + 1/2 inch = 9 1/2 inch Unfinished

Nine Patch Math:

(Unfinished Quilt Block Size + 1 inch) / 3

Example:

(9.5 inch unfinished + 1 inch) / 3 = (10.5 inch / 3) = 3.5 inches

INSTRUCTIONS:

- Cut 9 fabric squares in the desired size.
- Arrange the squares in a 3 x 3 grid in the layout you like.
- Sew each row together using a 1/4 inch seam allowance.
- Press the seams in alternating directions for each of the rows.
- Nesting the seams together, stitch the three rows together.
- Press the seams for each row in the desired direction or press open.
- Enjoy your Nine Patch quilt block.
